REVIEW OF REAL ESTATE

CONSIDERABLE ACTIVITY, BUT FEW DEALS CONSUMMATED.

Year's Outlook-Permits Show Increase Over 1900.

The real estate market has shown no unusual features the past week. There has been a good inquiry for desirable property, but sales have not been consummated in many cases, delays being occasioned by a field as being very favorable. There is and aside from the costly structures enularge and expensive ones that are now arthe Craig property. Julius Matzke is the that work will begin very soon. It will be three stories and provided with all modern improvements. It will be named the Arlington. Another apartment house will be erected on the east side of Illinois street on the vacant lot south of the alley between Walnut and St. Clair streets. This a building upon it, yet is "right downtown" and one of the four vacant pieces of ground James Tomlinson at Pratt and Illinois streets. The building will be three stories and contain twenty-four flats. The title of the property will be vested in the Central Trust Company, which will act as trustee for the corporation which has been organized to build the same. It will be known as

the Geneva. The trustees of the First Presbyterian Church have selected a location for the new and Delaware streets. This is pretty far out 14.00 for a place of public worship, but the site is free from the noise of downtown thor oughfares and street cars and will meet the approval of the congregation, most of whom reside in that part of the city. 'ine price paid was \$24,000, while the amount received from the government for the church lot and building will leave a handsome sum for the construction of a substantial building, modern in all respects and sufficiently large for the requirements of the regular attendants and provide a Sunday-school

room of large seating capacity. Work has begun on the foundation of the Schrader block, which will be erected

at Pennsylvania and Maryland streets. This will be a very large and compact building, strong enough to withstand heavy tonnage and will provide exceptionally good facilities for receiving and delivering

Nordyke & Marmon will erect a new office building on the site of the old one. covering 600 feet on Kentucky avenue.

Messrs. John and Edward Schmidt will begin the demolition of the small Washington and Alabama streets next week preliminary to the erection of a large four-story brick building with stone 9.00 | facings. The ground floor on Washington street will be used for business purposes while the upper three floors will be fitted with flats with all modern improvements. The Messrs. Schmidt own a great deal of valuable property in Indianapolis, and are among the most enterprising business men

x x x The following tabulated statement showing the building done in Indianapolis during 1900 indicates a gratifying condition and that the progress in that direction is keeping pace with the rapid growth in population. In 1900 there were 2,288 building permits issued, involving an expenditure of 22,266,215,75, an increase over 1899 of \$608,662,50. This vast sum was used in the construction of the following classes of buildings: Brick flats, 23; frame flats, 6; two-story brick residences, 15; one-story brick residences, 11; two-story frame residences, 225; onestory frame residences, 525; business blocks, 54; factories, 14; churches, 8; stables, 42; barns, 127; large halls, 2; schools, 1; offices. 15: greenhouses, 3. The statement by

ver the preceding year of \$808,662.50 demon-trates that the city is growing rapidly.

The outlook for the coming year, realestate men say, is especially bright and they predict a much larger expenditure in the next eleven months than last year and a better class of buildings.

ings; consequently the result is highly satisfactory to the public.

Those who are interested in the purchase of real-estate will find much of interest in the classified advertisements on this page, which are worthy of careful perusal.

DEEP SEA DIVING.

Here by Captain Sorcho.

The house committee of the German House has secured Capt. Louis Sorcho's deep sea diving and novelty company for a series of interesting lectures and demonstrations in the German House, beginning Thursday afternoon. Captain Sorcho is a submarine diver and deep sea engineer of note. The subject introduced by him is one of which the people have read much, but about which little is actually known. life of an ordinary diver, his labors, his caily routine, the dangers to which he is subjected, and in fact all the details of submarine life, pertaining to the human

beings who venture into the depths of the Captain Sercho. He will explain many of have heretofore been as a sealed book to tions are thorough and he makes practical mense steel and glass aquarium which is tank is claimed to be the only one of its inventor and has also invented a submarine telephone and searchlight which he used on this wreck in the depths of Havana harbor. One very important and intensely thrilling part of Captain Sorcho's exhibition will, it is asserted, show the explosion of the same under water in full view of the system which he has used in actually lifting vessels from the bottom of the sea. The effect of hydraulic or water pressure on the human body, head, heart, brain, etc. is also practically demonstrated. The matter was reported to the detectives and vesterday Holtz and Morgan arrested Ray Deering and charged him with the theft. On his person they found about \$12 in dimes. Deering is an orphan and has for some time been employed in the printing office conducted by Brewer. He will answer to-morrow to the charge of burglary and grand larceny.

GEORGE GREEN ACQUITTED.

He Was Not Guilty of Passing

The arrest of George Green, of 724 West Vermont street, about a week ago on the charge of passing forged checks was, it appears, a case of mistaken identity and at his trial in Police Court he was dis-

Charles Zollner, a grocer, at 522 West Washington street, told the bicycle police him after Green was arrested. Zollner's son, however, who was in the store at the time the forged check was passed, said Green was not the one who cashed it. Another check, similar in every respect, was cashed by Frank Prunk, a hardware dealer. Prunk said he was positive Green was not the man who had given him the check. Buffalo Exposition Bill.

It is probable that a bill will be introduring the coming week which will provide for an appropriation of \$75,000 to be used for the purpose of making a State exhibit at the Pan-American Exposition at Buffalo, which begins May of this year. The bill which is said to have been pre pared provides that \$35,000 of the appropriation shall be expended in the erection of a ilding, and the remainder is to be spent in exhibits and for the transportation and expenses of a commission to be appointed

submitted to Attorney General Taylor and is said to be modeled substantially after the bill providing for the appropriation for the Indiana exhibit at the World's Fair in

PERRY BECAME EXCITED

LUMBIA CLUB TOURNAMENT.

Won the Championship, with Bieler a Close Second-Bowling League Averages.

Charles C. Perry was the most excited man in Indianapolis last night and it was all caused by his desire to capture one of the prizes in the bowling tournament among the members of the Columbia Club. The championship bowling tournament was held last night and Perry rolled a total of 525 pins. He then stood around the alleys and tried to "hoodoo" the other players so that he would get within the prize list He stood fifth on the list and there were just five prizes offered. Four men had bowled higher scores and he was much exercised for fear that there would be another score higher than his, but he finished fifth. Havelick won first with 561, Bieler second with 558, O. W. Williams third with 530, and Brinkmeyer fourth with 529. The other scores were as follows: E. R. I Treat, handicap 60, 446; H. Kahio, 478; H. B. Smith, 487; Seguin, 490; Stainaker, handicap 45, 482; Eastman, handicap 75, 417; Johnston, handicap 75, 401; Dean, handicap 90, 431; Watson, handicap 90, 523; Walcott, handicap 30, 516; Browder, 449; Wainwright, handicap 30, 517; Garstang, 482; Lowry, handicap 45, 431; Carlin, handicap 75, 440; Welborn, handicap 15, 395; Fuller, handicap 15, 445; Leedy, handicap 15, 470. FATHER AND SON GUILTY Jury's Verdict in the Perry Case-Other Court Cases.

The Criminal Court jury last night returned a verdict of guilty in the case of Thomas and Edward Perry, charged with forgery. They are father and son. Edward Perry, the son, worked for William Newhouse, his uncle, and when he quit work he avers that Newhouse paid him with a check for \$100. The check was sold to L. P. Harlan, who notified Newhouse of the purchase. Harlan was later informed by Newhouse that he had signed no such check and that his name had been forged. The men were arrested and have been on trial before Judge Alford for two days.

Schiltmeier Sent to Prison.

Christian Schiltmeier, charged with murder, yesterday pleaded guilty to manslaughter before Judge Alford in the Criminal Court and was sentenced to from two to twenty-one years imprisonment. It charged that Schiltmeier gave his wife such a beating last July that she died from the effects of it two days later.
